

DIRECTORATE GENERAL, NATIONAL SECURITY GUARD

PRESS RELEASE

NSG organised a plantation drive on the Aravali hills in NSG campus Manesar on 04/09/2022. The function was attended by Sh M A Ganapathy, Director General, NSG and all senior officers of NSG. Officers from Forest department, Civil administration also participated in the plantation drive. Mrs Vasvi Tyagi, IFS, Conservator of Forest, Gurugram attended the function as a special invitee.

2 In recent past, NSG has taken various initiatives to restore the biodiversity of Aravali Ranges with an aim to cover approx seven kilometers hills inside NSG Campus Manesar with native varieties of trees. To meet the objective, Green Aravali project has been launched under the leadership of Sh M A Ganapathy, Director General, NSG.

3. The project envisages to introduce native varieties of trees such as Bargad, Pipal, Neem, Desi Kikkar, Gulmohar, Jamun, Amla etc in the Aravali hill region thereby restoring the biodiversity to its original form. A Five year framework has been designed to achieve the desired result. In the year 2022 a total 2,04,100 trees/saplings have been planted in the Aravali hill region and the programme will continue in the NSG Garrison and adjoining Aravali Hills till achievement of the target.
